
***A STEP-BY-STEP GUIDE ON
HOW TO DOWNLOAD THE
BLOCKCERTS WALLET APP
ON A MOBILE PHONE
OR TABLET***

The Blockcerts Wallet App can only be downloaded and used on a mobile phone or tablet. Downloading the Blockcerts Wallet App is now OPTIONAL, but it is recommended that you download the app so that you will be able to save all your IPS certificates (and other certificates issued via Blockcerts) in one place on your mobile phone or tablet.

1. The below screenshot shows the homepage of the mobile phone. Select the **Play Store** icon to download the **Blockcerts Wallet** Application.

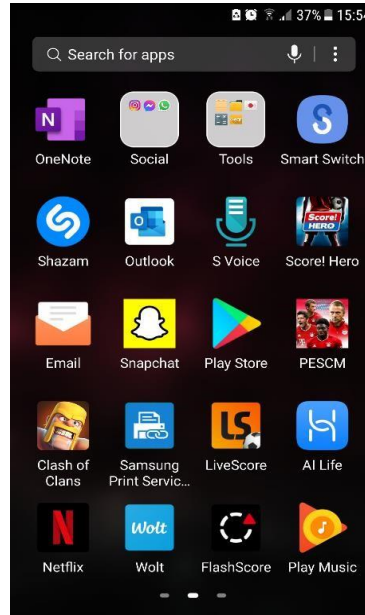

Figure 1 Mobile Home screen

2. The below screenshot shows the **Play Store** application. Go on **Search for apps** and type **Blockcerts Wallet**.

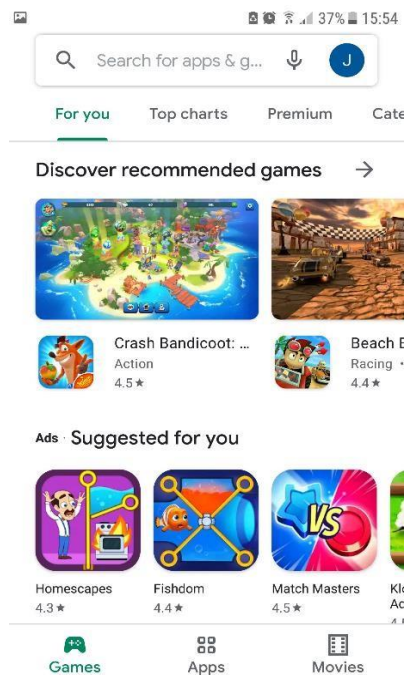

Figure 2 Play Store App

3. Select **Blockcerts Wallet**, press on the **Install** button and wait until it installs on the mobile phone/tablet.

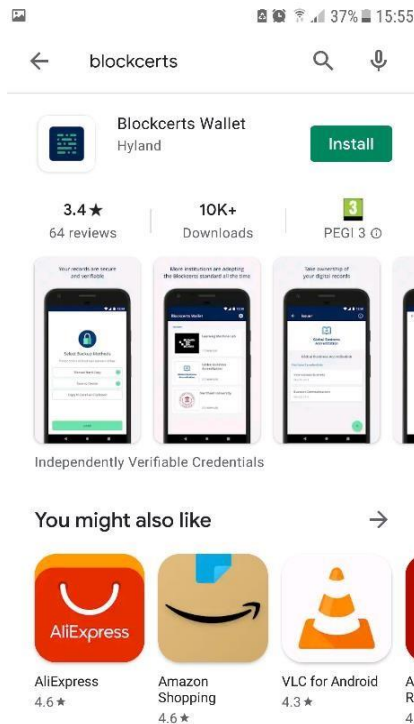

Figure 3 Play Store – Searching for Blockcerts Wallet App

4. When the application is installed on the mobile phone/tablet, open the **Blockcerts Wallet** application. The screenshot below shows the home screen of the application. Select the **New User** button (this applies to users who are downloading the app for the first time).

Figure 4 Blockcerts App – First Time Us

- After you press **New User**, you will see the screen below (**Figure 5**) showing the Passphrase of your wallet. Press on the **Create Backup** button to continue for the backup. The Passphrase is generated automatically.

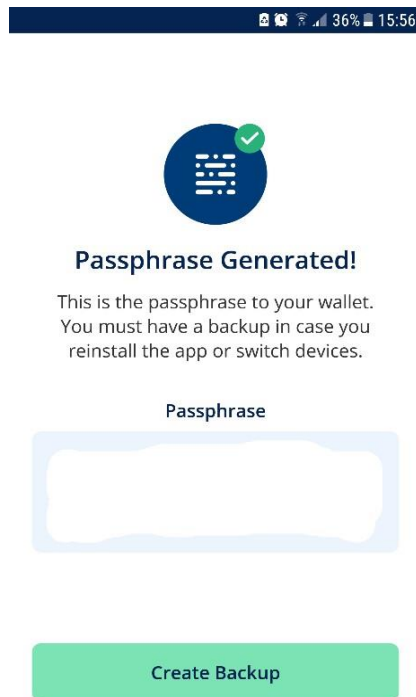

Figure 5 Passphrase Generation Screen

- The below screenshot (**Figure 6**) shows the Backup Methods screen. Backup methods are **Manual Hard Copy**, **Save to Device** and **Copy to Email or Clipboard**. It is recommended that at least **two options** are selected. It is suggested that one of the options selected is **Copy to Email or Clipboard**. This comprises of sending the passphrase to a personal email.

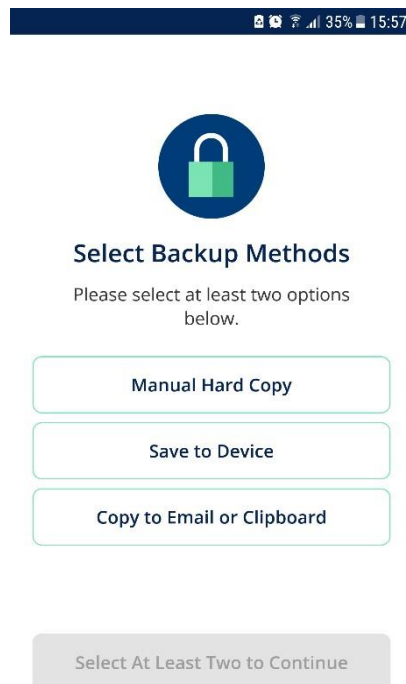

Figure 6 Select 2 Backup Methods

7. Once two options are selected (**Manual Hard Copy** and **Copy to Email or Clipboard** were selected as shown per below screenshot (**Figure 7**), press the **Done** button.

8. This is the final screenshot (**Figure 8**) showing that the **Blockcerts Wallet** application is ready to be used.

Important Notes: Please note that when you reach the below screen and see “Ready!”, the App has been successfully configured.

If you attended a course or programme organised by the Institute for the Public Services, please wait for the next email with the .json file (certificate) and further instructions. Also, if in the future you attend for other courses or programmes with the Institute for the Public Services there is no need to download the App again, so please ignore the first email you receive from the Institute for the Public Services and wait for the one with the .json file (certificate).
