*A STEP-BY-STEP GUIDE ON  
HOW TO ACCESS YOUR  
GOVERNMENT EMAIL  
ACCOUNT ON A MOBILE  
PHONE OR TABLET*

---

**This shows a step-by-step guide on how to access your government email address from a mobile phone or tablet. This is required since you need to access your email account from the same device where the Blockcerts Wallet App will be installed.**

To use the **government webmail service**, open a web browser on your mobile phone or tablet such as Google Chrome, Safari, or others, and input the following URL: <https://webmail.gov.mt>

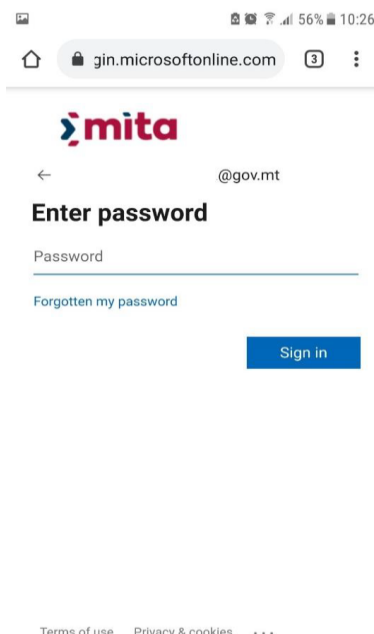

1. The below page (**Figure 1**) will be displayed, which asks you to login using your **government credentials**. Type in your government **email address** (e.g., [name.surname@gov.mt](mailto:name.surname@gov.mt)).

The screenshot shows a mobile browser interface. At the top, the status bar displays signal strength, Wi-Fi, 56% battery, and 10:26. The address bar shows 'gin.microsoftonline.com'. The main content area features the 'mita' logo in red and blue. Below the logo is the heading 'Sign in'. A text input field contains 'someone@gov.mt'. Below the input field is a link that says 'Can't access your account?'. A blue 'Next' button is positioned below the link. At the bottom of the form area is a button with a magnifying glass icon and the text 'Sign-in options'. At the very bottom of the page, there are links for 'Terms of use', 'Privacy & cookies', and a three-dot menu.

Figure 1 Step 1

2. Enter your **password** (same password of your corp account) as shown below (**Figure 2**).

The screenshot shows the same mobile browser interface as Figure 1. The address bar remains 'gin.microsoftonline.com'. The 'mita' logo is present. Below the logo is a back arrow and the text '@gov.mt'. The heading is 'Enter password'. A text input field is labeled 'Password'. Below the input field is a link that says 'Forgotten my password'. A blue 'Sign in' button is at the bottom of the form area. At the very bottom of the page, there are links for 'Terms of use', 'Privacy & cookies', and a three-dot menu.

Figure 2 Step 2

3. An SMS will be sent on your mobile so that you can input the received code. Enter the '**6 digit**' code. Press the '**Verify**' button to continue.

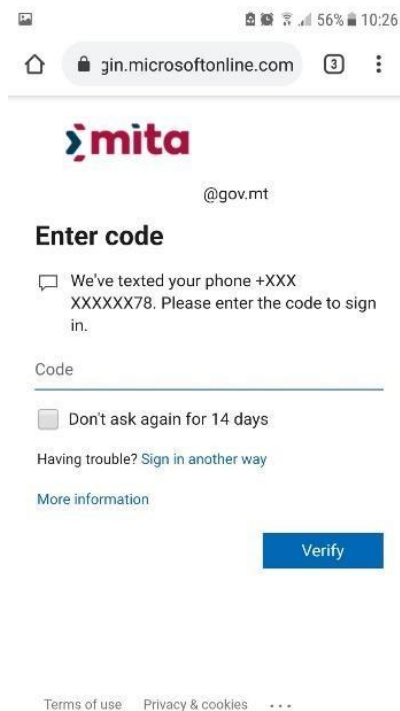

Figure 3 Step 3

4. The email will then open automatically, and you can view the emails from your mobile phone/tablet, as seen in the figure below (**Figure 4**).
